

## Our Mission

Founded in 2003, Pacific Free Clinic is a Stanford student-run clinic providing free health care services for adults in the east San Jose area with low-income, no insurance, and/or low English proficiency.

Open to all regardless of immigration status, the clinic offers on-site medical interpretation services in Spanish, Vietnamese, and Mandarin Chinese to help patients overcome cultural and language barriers to health care access.

## Directions

Pacific Free Clinic is located at a clinic based at Overfelt High School. 1835 Cunningham Ave. San Jose, CA 95122

Follow the signs to the clinic beginning at the Overfelt Adult Education parking lot, which is east of the high school main entrance.

## **Hours**

Every Saturday  
10 am - 2 pm

## **Appointments**

On Saturdays from 10 am - 2 pm, patients may schedule appointments on a drop-in basis or by phone up to two weeks in advance at (408) 705-0119.

## **Staff**

The clinic is staffed by volunteer Stanford medical students and undergraduates, and physicians and interpreters from Stanford and the local community.

## **Services**

### ***Primary care***

We provide basic care for a range of medical concerns.

### ***Referrals***

If additional long-term care is needed, we provide referrals to the appropriate health center.

### ***Laboratory Testing***

We provide free laboratory testing.

### ***Medications***

We provide free medications and medication vouchers.

### ***Health Education***

We provide detailed information about a variety of health concerns.

### ***Health Screenings***

Testing for blood pressure, cholesterol, glucose, and Hepatitis B are available for patients who do not require a full appointment.

### ***Women's Clinic***

Offered every two months, our women's clinic provides pap smears, breast exams and referrals, and reproductive health services.

### ***Insurance Referrals***

We provide referrals to insurance application assistants.

### ***Interpretation Services***

We offer interpretation services in Spanish, Vietnamese, and Mandarin Chinese.
